

## Auto and University Clubs Give Dances; Toltec Hop This Evening

THURSDAY evening, moonlight and balmy, called many motorists out for the automobile club dance given at the clubhouse at West Yuleta. Kasha's orchestra played for the dancing hours and the evening was a very pleasant one. The wives of members of the club were hostesses for the evening.

The dance at the University club was also a very enjoyable affair. A number of guests were present and Miss Mabel Moody's orchestra played for the dancing there.

A bungalow apron and overall dance will be given at Mission hall, West Yuleta, this evening. The dance will give the girls an opportunity of seeing how the men appear in their workaday clothes and will afford them a like idea of what the girls are without the aid of dress to add further to their charms. It also will lend impetus to the campaign directed against the high cost of clothes.

An apron and overall dance will be given on Wednesday evening at the W. O. W. hall in East El Paso by the Woodman circle, Alameda grove No. 231.

## We Have a Buggy For the Baby

THERE'S one subject where there is no possible chance for argument—the rights of the BABY. We're all agreed that there's nothing too good for the baby, and one of his inalienable rights is to be trundled in a buggy that is just about the finest that daddy is able to dig down for.

So we're fixed here with a line of "touring cars" for babies that will meet exactly the ideas of mother and daddy as to the amount they can afford. We've got 'em low priced and high priced, and everywhere between the two extremes. We've got little go-carts and we've big handsome fiber or seed affairs, beautifully upholstered.

And if baby hasn't yet been provided with the equipage he deserves, these warm, sunny days ought to stir his parents to ACTION. After all, there's no good reason to make him wait. He needs the carriage, and
